Rent / Buy a Chip

You can decide at any time between the purchase or rental of a chip.

If you opt for the chip rental, the price is 6€. In this case please enter your bank account information with. This is required by the organizer of the event. This ensures that if the chip is not returned after the marathon, then your account would be charged 25 € and the chip therefore belongs to you.

*If you do not live in Germany, the organizer does not accept bank transfers. Then enter your credit card information (card number, holder name, expiration date and security code / SecureCode). This is absolutely essential to complete the registration.

Another special feature if you do not live in Germany, we can log no chip purchasing because the operators in the past had problems with the shipment of the chip. If you still want to buy the chip, that's no problem. In this case we do not need a bank or credit card data. Simply transfer us the 31€ in addition to the entry fee and we do our business account with the organizer. After the run, you keep the chip and our bank account will be credited with the balance due.

Shipping of the Race Documents

The shipment of the starting documents is made by the organizer in early September to the email address you provided.

If you do not have an email address, please let us know, then we will pass this information on to our organizer and send you the documents.

If you do not receive the documents, please log on/ contact us between the 01.09.2018 and 13.09.2018. We get a copy of every start passes and can send them to you.

Registration

We receive the Log in datas for the registration system in February. Until then, we can keep your registration information, but we cannot officially registrate you before. As soon as we receive the Log in, we will registrate everyone.

After registration, it takes about 2 days until your name appears on the official entry list.

We only register you after receiving the payment.

Time indication

The specification of a desired start time / marathon best time of the last 2 years, is up to the organizer for the dividing of people into starting blocks.

We have no influence where you will start from, but the organizer will give you the right block according to your best time.

Address

Please give us your full address including: Street, Address, House number, Postal Code, City, State, and Country. If one of these are not filled out the system will reject the registration.

Buying more starting numbers

If you want to buy more than one start number, please let us know if you want t-shirts as well, and if so, how many and in what size(s).

Payments from non-European countries

If you do not reside within the EU, it can be especially difficult with the transfer. Here most of the banks do not have enough indication of the account holder, IBAN and BIC.

In this case, you need the following information:
