Registration

Everything is new in 2021...

For the Berlin Marathon 2021 all participants will be able to registrate themself and for that reason we won't send out the regular application forms.

The exact procedure is not yet known.

Until now, we received the Log-in datas for the registration system in March. Right now we guess, that this will be similar in 2021.

As soon as we receive the Log-In datas and we know the exact procedure, we will pass your personal log-in to you and send you detailed informations for the registration process.

Payment

The payment has to be done within one week after we checked your registration and send you an email with the payment details. Otherwise your application will be deleted.

Payment can be done by wire transfer or paypal.

All transfer costs (transfer fee or paypal fee) are charged to you.

WE ARE NOT ABLE TO CHARGE CREDIT CARDS OR BANK ACCOUNTS.
